**The Town of Nashville does not require a business license to operate a day care, but does require a Special Exemption obtained through The Board of Zoning Appeals. The unincorporated county does not require either.**

arin.shaver@co.cass.in.us

sfranklin@co.clark.in.us

Home child care requires a Special Use and a hearing with the Board of Zoning Appeals (BZA). Although, we do not issue licenses/permits, we do require this and zoning verification of the business. There is a \$210 fee assigned to a hearing with the BZA, if a hearing is required. A commercial childcare center also requires a Special Use. There would also be confirmation of state compliance, jurisdictional fire department compliance, and at a minimum, a certificate of occupancy for the building. A Special Use stays with the property, but is null and void if the use is abandoned or not established within one year.

jarbital@townofclarksville.com

**The Town does not issue any business licenses with the exception of trade licenses for electrical, plumbing, or HVAC work. Although a business license is not required in the Town of Clarksville, business owners are still required to be operating within the proper zoning district, obtain a certificate of occupancy, and possibly other permits (determined on a case-by-case basis).**
